FME Desktop - mini demo of important features and transformers

Sigbjørn Tillerli Herstad – Norkart –
Sigbjørn Tillerli Herstad

- Norkart – Software vendor
- Custom built software used for managing GIS and other data within municipalities
- 7 full time users of FME (5% of the company) and growing!
Agenda

- Most useful stuff to know in FME – get your pencils sharpened!
Which transformer do you use for X?

We’ll show off some common transformers and methods to use in FME
Question from the audience –
